Hi All,

Thank you All for your hard work. Commander Hamilton is requesting we remove the holdouts from the south end of the lot. Regardless of the true owner of that section, the only way to access that section is by traversing private property, making it illegal. They have no standing to stay in that area, which will definitely encourage others to treaspass.

Thanks again

Hi Gabe and Domingo,

I spoke to Luis this morning from your team and he was able to go scout the location this morning. He felt that we have sufficient equipment onsite if both CARE team 4 and the CARE plus team are there tomorrow.

I'd like to confirm that they will both be there?

Subject: Next weeks 405/Oxnard cleanup

Hello Everyone,

I wanted to get the key players on a thread to coordinate this cleanup at 405/oxnard lot for Tuesday the19th. CD4 has graciously allowed us to allocate the Care Team resources and Mayor's team is helping with hygiene trailers, we will dedicate all of our resources from RAP as well. There are approximately 71 cubic yards of trash and various hazards like propane tanks onsite. There are about 16 different tents or small structures and several vehicles and an RV that LAPD is already in the midst of removing.

LAHSA/Janet I sent you a separate thread to update our council office and public information officers on the outreach your team has been conducting so they have data to share with their constituents and media as needed. Thank you for starting early on this outreach that has been very helpful!

Domingo/Gabe I wanted to ask you specifically if it would be possible to bring some bins or roll off dumpsters that we can stage on the 18th? I also wanted to know what time your teams can start on the 19th and 20th so that we can tackle this cleanup? We will bring three yard trucks and a skid steer as well.

If you'd like to have a call regarding this cleanup I'm happy to set one up, I will be in the UHRC as well tomorrow and can check in with everyone.
